

OBTAINING INSURANCE THROUGH THE CHAMBER OF COMMERCE

Thank you for your interest in exploring insurance plans through the Wilton Chamber of Commerce. Chambers are designed to not only increase your business, but also to save your business money. Your chamber membership places you part of a much larger group, which increases your buying power in the area of health care.

There is no question healthcare is expensive. However, as a Chamber member, you have the buying power of not only your local chamber of commerce, but also an alliance of 80 chambers of commerce across Connecticut and Massachusetts. You can receive customized plans with the small business in mind. These plans are designed to save your bottom line, while maintaining a high quality of care.

There are two types of providers you may want to investigate:

- 1) **Aetna Group Plan:** A group plan that is administered by Aetna through the national Chamber of Commerce. Through the new "Integrated Benefit Solution," Connecticut small businesses can obtain affordable health insurance and complementary benefits through a single source. The contact information is:
 - a. *Insurance + Benefit Solutions for Chamber Members* (complete overview of options): <http://www.citrust.com/#>
 - b. *Group Health:* <http://www.citrust.com/business-and-chamber-members/group-health.html>
- 2) **Wilton Insurance Agencies:** Wilton Chamber of Commerce Members, who can work with you to determine the best types of coverage to meet your business needs at preferred rates. Please contact them directly to determine the best solution for you:
